NOTICE OF DOCTOR LEAVING PRACTICE

June 7, 2022

Dear Patient and/or Responsible Party:

It is with much regret that I have to inform you that Dr. Sherece Thompson will be leaving Dental Art Specialists (Beverly). Dr. Thompson's last day at our practice will be **June 28, 2022**.

We'd like to congratulate her on the many years she spent building her own practice and the culmination of her years at Dental Art Specialists which I am sure have been filled with many rewarding experiences and memorable patients.

While this is exceedingly difficult for all of us, we support her as she expands her role in academia and teaching this craft that she knows so well, Dentistry!

We are going to make every effort to make this transition as smooth as possible. Please note, that effective July 15, 2022, the Beverly location and Dr. Roland Gibson will no longer serve General patients and will focus on Pediatric and Orthodontic care with Dr. Jazmine and Melvin Dillard as providers specifically after July 15, 2022.

Many thanks to each of you for providing Dr. Thompson in particular and Dental Arts Specialists specifically with the opportunity to have been able to create your lifetime smile. Dr. Thompson and Dental Art Specialists will be happy to provide your new General Dentist with email records at no charge.

For further assistance to select a new General Dentist, please feel free to contact your insurance carrier to find a provider in network with your insurance. Additionally, you can Google "General Dentist near me."

Best wishes for your dental health and happiness. If there are any concerns, please call (773).238.9777 or email info@dasbeverly.com. Again, thank you for the privilege of being part of your dental healthcare team.

Best wishes,

Dental Art Specialists
